The Coming Wave

Our population is aging at an unprecedented rate. Colorado's population of 65 and older will grow more than 68% by 2030. That's an additional 508,000 people. Every day more and more seniors come to our door looking for help.

Who We Are

SRC is a non-profit community partner providing coordinated services to enhance independence, dignity and quality of life for older adults. Since 1978, SRC works to help older adults age in the place they call home.

With headquarters in Wheat Ridge and locations in Evergreen, Littleton and Lakewood, SRC's service area spans the Denver Metro area. SRC services include transportation, individual care assessments, in-home support, cleaning and minor repairs, companionship, volunteer opportunities, adult day programs and caregiver respite.

Who We Serve

SRC serves ALL seniors regardless of their economic capacity. We help those struggling with limited resources and no family support; and we help those with resources and family support. Sponsors and donors make this possible.

It Takes a Team

SRC works with numerous community partners to meet the needs of our growing senior population. It is imperative that community providers work together to identify, address and solve the issues facing seniors and caregivers. Partnering on new and creative solutions is critical in this effort.
